

Aquaseal™ Plus

Wet Strength Resin & Performance Enhancer
100 - 150 #'s in a 700 Gallon Batch

DESCRIPTION

Aquaseal Plus™ is the newest addition to our line of wet strength products. This unique blend of proprietary performance ingredients includes a wet strength resin along with a corrugator performance enhancer to increase speed on difficult to bond substrates. The three year development of this product resulted in an industry first—a single product to provide higher speeds, better bond and wet strength!

CUSTOMER BENEFITS

- Water resistant resin
- Only product of its kind
- With single application, get desired level of water resistance and increased corrugator production capability
- Simple, versatile, and cost effective
- Distinct color
- Replaces handling and inventory of bags or additives in adhesive formula
- Adhesive "runs clean" through corrugator
- Easy clean-up
- Improved corrugator speeds

FEATURES

- Water resistance and performance with single, simple application
- Liquid form
- *Safe to use*
- Odorless
- Proprietary additives give adhesives better penetration and water holdout.
- Viscosity stability
- TAPPI 24 hour soak tests exceeded
- Improvements in bond quality resulting in increased pin adhesion and fiber tear

PACKAGING

 Liquid

Color: Pink
